SB

Samir Boutazzout

Professional Summary

Driven Web Developer with over one year of experience. Focused on expanding knowledge and abilities in website design, programming and quality assurance. Trained in ASP.NET Core and .NET ecosystem as a whole. Motivated to meet customer and user expectations with high-quality and effective website layouts. Skilled in validating, debugging and correcting code.
Collaborative and hardworking team player with critical thinking skills and systematic approach. Detail-oriented, organized and meticulous employee. Works at fast pace to meet tight deadlines.

Accomplishments

- Made the Blazor WebAssembly app blazing fast by introducing a state management service with accuracy and efficiency to reduce repeated API calls to the same endpoints.
https://samdevlog.github.io/Anime-WebApp/

- Containerizing different instances of the app modules into one single Docker image and have them network between each other through the help of Docker-Compose.
